Call us with any questions you may have about the building process or you can request a copy of our “Dare to Compare” sheet, which lists our standard building features.

- 1 Lowest Energy Bills Guaranteed**
We're so confident in our building practices, that we'll guarantee you'll have the lowest energy bills compared to a same-sized home from any other builder. Visit our website for details.
- 2 Advanced Framing**
All exterior walls are framed with 2x6's which allow for 50% more insulation.
- 3 NuWool® Insulation**
This blown-in insulation is made from recycled newspapers and has long been offered as the best return on investment for buyers due to proven performance and energy savings.
- 4 High Efficient Gas Furnace**
We install 95.5 high efficient gas furnaces in every home we build.
- 5 Energy Star Certified**
EnergyStar V3 raised it's standards and while other builders have abandoned rating their homes using this certification, Potterhill Homes has remained. Why? Because we've always built to higher standards so each home we build is still EnergyStar rated.
- 6 On Your Lot or Ours**
Own land? We can build on it, or we can help you find land to build your home.
- 7 Higher Ceilings**
9' first floor ceilings are standard at Potterhill, compared to a typical 8' height.
- 8 Custom Kitchen Cabinets**
36" tall custom-built cabinets by Aristokraft.
- 9 5-Year Warranty**
We offer a 5-Year Warranty on plumbing, electrical, hvac, and most major appliances.
- 10 Unique Architecture**
Craftsman-style exteriors with spacious front porches, rounded drywall corners, and arched openings.
